INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Village of Richmond
Richmond, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of

VILLAGE OF RICHMOND

as of and for the year ended April 30, 2013, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Village of Richmond, as of April 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 8 and 35 through 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Change in Accounting Principle

As discussed in Note 16 to the financial statements, the Village implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.

REQUIRED SUPPLEMENTARY INFORMATION

VILLAGE OF RICHMOND

MANAGEMENT'S DISCUSSION AND ANALYSIS

APRIL 30, 2013

As management of Village of Richmond (Village), we offer readers of the Village's statements this narrative overview and analysis of the financial activities of the Village for the fiscal year ended April 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information found in the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the Village exceeded its liabilities at April 30, 2013 by \$8,162,445 (net position). Of this amount, \$1,221,378 (unrestricted net position) may be used to meet the Village's ongoing obligations to citizens and creditors.
- The Village's total net position increased by \$18,443.
- At April 30, 2013, the Village's governmental funds reported combined ending fund balances of \$751,778, an increase of \$302,806 in comparison with the prior year.
- At April 30, 2013, the unassigned fund balance for the General Fund was \$501,812, an increase of \$219,426 in comparison with the prior year. Unassigned fund balance represents 36 percent of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. Both perspectives (government-wide and fund level financial statements) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the Village's accountability.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Village's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating when comparing year to year results.

The Statement of Activities presents information showing how the Village's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unpaid salaries).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, public safety, public works and transportation, and parks and recreation. The business-type activities of the Village include water and sewer operations.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Village's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains two individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, which is considered to be a major fund.

The basic governmental fund financial statements can be found on pages 11 through 14 of this report.

Proprietary funds - The Village maintains one proprietary fund / enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village uses an enterprise fund to account for its water and sewer operation.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the water and sewer operation, which is considered to be a major fund of the Village.

The basic proprietary fund financial statements can be found on pages 15 through 17 of this report.

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the Village. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 18 and 19 of this report.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 20 through 34 of this report.

Other information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's progress in meeting its obligation to provide as fully adequate as possible services to its citizens.

The Village adopts an annual appropriations ordinance for its General Fund. An appropriations comparison statement has been provided for the General Fund to demonstrate compliance with this appropriations ordinance.

Required supplementary information can be found on pages 35 through 37 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Village, assets exceeded liabilities by \$8,162,445 at April 30, 2013.

By far the largest portion of the Village's net position (83 percent) reflects its investment in capital assets (e.g., land, buildings, equipment, and vehicles); less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Village's net position (2 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$1,221,378) may be used to meet the Village's ongoing obligations to citizens and creditors.

The Village's net position increased by \$18,443 during the year ended April 30, 2013.

Transfers	-	(99,589)	-	99,589	-	-
Increase/(Decrease) in Net Position	\$ 278,795	\$ (22,064)	\$ (260,352)	\$ (255,052)	\$ 18,443	\$ (277,116)
Net Position - Beginning	1,452,720	1,474,784	6,799,761	7,054,813	8,252,481	8,529,597
Net Position Adjustment	43,229	-	(151,708)	-	(108,479)	-
Net Position - Ending	\$ 1,774,744	\$ 1,452,720	\$ 6,387,701	\$ 6,799,761	\$ 8,162,445	\$ 8,252,481

Governmental activities - Governmental activities increased the Village's net position by \$278,795. Last fiscal year, governmental activities decreased the Village's net position by \$22,064. The difference between years is due to an increase in the amount of the Bypass grant revenue, State Sales Tax and State Income Tax received.

Business-type activities - Business-type activities decreased the Village's net position by \$260,352. Last fiscal year, business-type activities decreased the Village's net position by \$255,052.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Village's net resources available for spending at the end of the fiscal year.

At April 30, 2013, the Village's governmental funds reported combined ending fund balances of \$751,778, an increase of \$302,806 in comparison with the prior year.

The General Fund is the chief operating fund of the Village. At April 30, 2013, unassigned fund balance of the General Fund was \$501,812. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total General Fund expenditures. Unassigned fund balance represents 36 percent of total General Fund expenditures.

The fund balance of the Village's General Fund increased by \$273,499 during the year ended April 30, 2013.

Proprietary funds - The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Fund at the end of the year amounted to \$649,762. The total decrease in net position for the Water and Sewer Fund was \$260,352. Factors concerning the finances of this fund have already been addressed in the discussion of the Village's business-type activities.

GENERAL FUND APPROPRIATIONS HIGHLIGHTS

Significant differences between the final appropriations and the actual revenues and expenditures are summarized as follows:

- The difference between the budgeted revenues and the actual revenues was \$74,359 (favorable) and was primarily due to receiving more than expected revenue for State Sales Tax and State Income Tax offset by less than expected revenue from grants.
- The difference between budgeted expenditures and actual expenditures was \$108,471 (favorable) and was primarily due to less than expected contractual services expenditures related to general government, which was in turn primarily due to lower than expected bypass expenditures.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets - The Village's investment in capital assets for its governmental and business-type activities as of April 30, 2013 amounts to \$14,402,267 (net of accumulated depreciation). This investment in capital assets includes land, land improvements, construction in progress, buildings, vehicles, equipment, infrastructure, and water and sewer systems.

	Governmental Activities		Business-Type Activities		Total

Total	\$ 1,275,081	\$ 1,288,070	\$ 13,127,186	\$ 13,558,552	\$ 14,402,267	\$ 14,846,622

Major capital asset events during the current fiscal year included the following:

- Purchase of a new police vehicle - \$30,145
- Purchase of three public works vehicles - \$85,832

- Completion of the reed bed project - \$174,324 (of which \$148,722 was in construction in progress in fiscal year 2012).

Additional information on the Village's capital assets can be found in note 3 on pages 27 and 28 of this report.

Long-term debt - At April 30, 2013, the Village had total debt outstanding of \$7,635,171. Of this amount, \$808,660 comprises debt backed by the full faith and credit of the Village. The remainder of the Village's debt (\$6,826,511) represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

	Governmental Activities		Business-Type Activities		Total	
	4/30/2013	4/30/2012	4/30/2013	4/30/2012	4/30/2013	4/30/2012
General Obligation Bonds	\$ 195,000	\$ 225,000	\$ -	\$ -	\$ 195,000	\$ 225,000
General Obligation Refunding Debt Certificates	-	-	500,000	545,000	500,000	545,000
Revenue Bonds	-	-	6,826,511	6,826,511	6,826,511	6,826,511
Notes Payable	5,917	9,538	11,835	19,077	17,752	28,615
Lease/Purchase Agreements	45,007	-	50,901	-	95,908	-
Total	\$ 245,924	\$ 234,538	\$ 7,389,247	\$ 7,390,588	\$ 7,635,171	\$ 7,625,126

The Village's total debt decreased by \$10,045 (.1 percent) during the year ended April 30, 2013. The key factor in this decrease was principal payments made on the debt offset by new lease purchase agreements entered into during the year.

Additional information on the Village's long-term debt can be found in note 4 on pages 28 and 29 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S APPROPRIATIONS AND RATES

- The Village is acting as local agency for a Bypass Phase One Road project, which will result in the Village being responsible for \$3,010,000 of primarily state and federal funded monies.
- The Village's budget considers that the first principal payment for its Revenue Bonds dated 9/12/05 will be due in fiscal year 2014.

These factors were considered in preparing the Village's appropriations ordinance for the 2014 fiscal year.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village's finances for all those with an interest in the Village's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

VILLAGE OF RICHMOND
 FUND FINANCIAL STATEMENTS
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
 CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 YEAR ENDED APRIL 30, 2013

Net Change in Fund Balances - Total Governmental Funds \$ 302,806

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.

Depreciation Expense	\$ (78,243)	
Capital Outlays	<u>66,972</u>	
		(11,271)

In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold.

Gain/(Loss) on Sale of Capital Assets		(1,718)
---------------------------------------	--	---------

Long-term debt proceeds provide current financial resources to governmental funds and are therefore shown as a revenue in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but issuing debt increases long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.

Loan Proceeds		(58,756)
---------------	--	----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrued Interest on Long-Term Debt		364
------------------------------------	--	-----

Repayment of long-term debt requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but the repayment reduces long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.

Repayment of Long-Term Debt		<u>47,370</u>
-----------------------------	--	---------------

Change in Net Position of Governmental Activities		<u>\$ 278,795</u>
---	--	-------------------

VILLAGE OF RICHMOND
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Village of Richmond's (Village) financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies used by the Village are discussed below.

A. *Reporting Entity*

The accompanying financial statements comply with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, in that the financial statements include all organizations, activities, and functions that comprise the Village. Component units are legally separate entities for which the Village (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the Village's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the Village. Using these criteria, the Village has determined that it has no component units. In addition, the Village is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

B. *Basic Financial Statements – Government-Wide Statements*

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund (reporting the Village's major funds) financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's general government, public safety, public works and transportation, and parks and recreation services are classified as governmental activities. The Village's water and sewer services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net position is reported in three parts – investment in capital assets; restricted net position; and unrestricted net position. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities. The functions are also supported by general government revenues (property taxes, sales taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (public works and transportation, public safety, parks and recreation, etc.) or a business-type activity. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Program revenues also include

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. *Basic Financial Statements – Government-Wide Statements (Continued)*

grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, sales taxes, unrestricted investment earnings, etc.).

The Village does not allocate indirect costs.

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

C. *Basic Financial Statements – Fund Financial Statements*

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues and expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in one column in the fund financial statements.

1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The Village reports these governmental funds and fund types:

- a. The General Fund is the Village's primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

The activities reported in these funds are reported as governmental activities in the government-wide financial statements.

2. Proprietary Fund Types

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The Village reports the following proprietary fund types:

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. *Basic Financial Statements – Fund Financial Statements (Continued)*

2. Proprietary Fund Types (Continued)

Enterprise Funds are used to account for operations for which a fee is charged to external users for goods or services and the activity is financed with debt that is solely secured by a pledge of net revenues. The activities reported in these funds are reported as business-type activities in the government-wide financial statements.

3. Fiduciary Fund Types

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

The Village's fiduciary fund is presented in the fiduciary fund financial statements by type (grant recapture). Because by definition these assets are being held for the benefit of a third party (loan participants) and cannot be used to address activities or obligations of the Village, this fund is not incorporated into the government-wide statements.

D. *Basis of Accounting*

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental funds' financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Property tax revenues are recognized in the period for which levied provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt, which is recognized when due and payable.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. *Basis of Accounting* (Continued)

2. Modified Accrual (Continued)

The Village reports deferred revenue on its governmental funds Balance Sheet. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. At April 30, 2013 the Village has \$482,297 of deferred revenue from property taxes and \$38,363 of deferred revenue from other sources.

E. *Cash and Cash Equivalents and Investments*

The Village has defined cash and cash equivalents to include cash on hand, demand deposits, checking accounts, savings accounts, money market accounts, and short-term investments with an original maturity of less than three months.

Separate bank accounts are maintained for all Village funds. Occasionally, certain cash accounts may incur overdrafts (deficits) in an account.

No Village fund had a cash overdraft at April 30, 2013.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred.

State statutes authorize the Village to invest in obligations of the U.S. Treasury, Certificates of Deposit, commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool known as The Illinois Funds.

F. *Receivables and Revenue Recognition*

Property taxes receivable are recognized at the time they are levied. The property tax receivable allowance is equal to 0% of outstanding property taxes at April 30, 2013.

Substantially all other shared revenue is recorded during the period when received by the collecting authority, the State of Illinois.

Income from investments, bank accounts, and unbilled usage receivables are recognized when earned. Licenses and permits, fines and forfeitures, fees and refunds, charges for services (other than enterprise funds), miscellaneous and other revenues are recorded as revenues when received in cash as they are generally not measurable until actually received.

G. *Inventories and Prepaid Items*

It is the Village's policy to charge all purchases of items for resale or supplies to expenditures when purchased. No inventory accounts are maintained to reflect the value of resale or supply items on hand.

Certain payments to vendors reflect costs applicable to future accounting periods and are reported on the consumption basis. Prepaid items are recorded in both the government-wide and fund financial statements.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. *Interfund Activity*

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

I. *Capital Assets*

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Land Improvements	20 - 45 years
Buildings	50 - 125 years
Vehicles	8 - 25 years
Equipment	5 - 20 years
Infrastructure	20 years
Water and Sewer Systems	50 years

Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

GASB Statement No. 34 requires the Village to report and depreciate new infrastructure assets effective as of May 1, 2004. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. Neither their historical cost nor related depreciation has historically been reported in the financial statements.

J. *Compensated Absences*

Vacation benefits are granted to employees in varying amounts to specified maximums depending on tenure with the Village. Sick leave is accumulated from year to year up to specified maximums, but is not paid upon termination. No compensated absence accrual is recorded because vacation benefits do not accumulate from year to year and sick leave is not paid upon termination.

K. *Long-Term Obligations*

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities and proprietary fund

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. *Long-Term Obligations (Continued)*

Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. *Government-Wide and Proprietary Fund Net Position*

Government-wide and proprietary fund net position is divided into three components:

- Net investment in capital assets – consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets..
- Restricted net position – consists of net position that is restricted by the Village's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted net position – all other net position is reported in this category.

M. *Governmental Fund Balances*

Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted – Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints of the Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of action (e.g. legislation, resolution, ordinance). Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. *Governmental Fund Balances (Continued)*

- Assigned – Assigned fund balances are amounts that are constrained by the Village's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Trustees has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The Village has delegated this authority to the Board.

Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the Village itself.

- Unassigned – Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for working cash.

The Village permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

N. *Property Tax Calendar and Revenues*

The Village is responsible for levying property taxes, but the taxes are collected by the County. Taxes are levied each calendar year on all taxable real property located in the Village on or before the last Tuesday in December. The 2012 levy was passed by the Board on December 6, 2012. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The Village receives significant distributions of tax receipts approximately one month after these dates.

O. *Defining Operating Revenues and Expenses*

The Village's proprietary fund distinguishes between operating and non-operating revenues and expenses. Operating revenues and expenses of the Village's Water and Sewer Fund consist of charges for services and the costs for providing those services, including depreciation and excluding interest cost. All other revenues and expenses are reported as non-operating.

P. *Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 2 - DEPOSITS AND INVESTMENTS

Deposits with financial institutions are fully insured or collateralized by securities held in the Village's name.

The Village is allowed to invest in securities as authorized by the Illinois Compiled Statutes, Chapter 30, Act 235/Articles 2 and 6.

Investments

As of April 30, 2013 the Village had the following investments:

Investment	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 - 5	5 - 10	More Than 10
State Investment Pool	\$ 1,264,635	\$ 1,264,635	\$ -	\$ -	\$ -

The fair value of investments in the State Investment Pool is the same as the value of pool shares. The State Investment Pool is not SEC-registered, but does have regulatory oversight through the State of Illinois.

Interest Rate Risk. The Village does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments based on credit risk. The Village has an investment policy that would further limit its investment choices. As of April 30, 2013, the Village's investments were rated as follows:

Investment	Credit Rating	Rating Source
State Investment Pool	AAAm	Standard and Poor's

NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2013 was as follows:

	Balance May 1, 2012	Increases	Decreases	Balance April 30, 2013
Governmental Activities				
Capital Assets not being depreciated				
Land	\$ 179,500	\$ -	\$ -	\$ 179,500

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 4 - LONG-TERM LIABILITY ACTIVITY (Continued)

Bonds and notes payable consisted of the following at April 30, 2013:

	Maturity Date	Interest Rate	Face Amount	Carrying Amount
Governmental Activities:				
General Obligation Bonds Dated 2/23/09	2/1/2019	4.80%	\$ 300,000	\$ 195,000
Note Payable Dated 1/4/05	12/15/2014	4.50%	29,400	5,917
Lease/Purchase Agreements				
Police Interceptor	8/7/2014	5.48%	30,145	19,556
Ford Truck	8/4/2018	1.20%	28,611	25,451
Business-Type Activities:				
General Obligation Refunding Debt				
Certificates Dated 5/8/02	12/1/2021	3.40% - 5.50%	890,000	500,000
Revenue Bonds Dated 9/12/05	6/5/2027	2.50%	6,826,511	6,826,511
Note Payable Dated 1/4/05	12/15/2014	4.50%	58,801	11,835
Lease/Purchase Agreement	8/4/2018	1.20%	57,221	50,901

At April 30, 2013 the annual debt service requirements to service long-term debt attributable to governmental activities are:

Year Ending April 30	Principal	Interest	Total
2014	\$ 47,212	\$ 12,079	\$ 59,291
2015	47,010	9,643	56,653
2016	34,791	7,369	42,160
2017	40,093	5,634	45,727
2018	40,413	3,627	44,040
2019	36,405	1,694	38,099
	<u>\$ 245,924</u>	<u>\$ 40,046</u>	<u>\$ 285,970</u>

At April 30, 2013 the annual debt service requirements to service long-term debt attributable to business-type activities are:

Year Ending April 30	Principal	Interest	Total
2014	\$ 347,015	\$ 198,670	\$ 545,685
2015	352,781	188,435	541,216
2016	360,811	178,028	538,839
2017	368,992	167,272	536,264
2018	382,401	156,288	538,689
2019	387,350	144,904	532,254
2020	392,703	133,531	526,234
2021	406,073	121,861	527,934
2022	419,653	109,706	529,359
2023	682,314	95,049	777,363
2024	699,478	77,884	777,362
2025	717,075	60,288	777,363
2026	735,113	42,249	777,362
2027	753,606	23,757	777,363
2028	383,882	4,799	388,681
	<u>\$ 7,389,247</u>	<u>\$ 1,702,721</u>	<u>\$ 9,091,968</u>

NOTE 5 - INTERFUND BALANCES/TRANSFERS

Interfund balances at April 30, 2013 consisted of the following:

Due From	Due To	Amount
General Fund	Water and Sewer Fund	\$ 57,883
Motor Fuel Tax Fund	General Fund	27,300

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 5 - INTERFUND BALANCES/TRANSFERS (Continued)

All interfund balances resulted from a time lag between the dates that (1) revenue was collected and remitted to appropriate funds and (2) expenditures were incurred and reimbursed between funds.

There were no interfund transfers for the year ended April 30, 2013.

NOTE 6 - DEFICIT FUND BALANCES

No Village fund reflected a deficit fund balance as of April 30, 2013.

NOTE 7 - PROPERTY TAXES

Property taxes receivable and deferred revenue recorded in these financial statements are from the 2012 tax levy. The deferred revenue is 100% of the 2012 levy, less allowance. These taxes are deferred as none of the taxes are collected before the end of the fiscal year and the Village does not consider the amounts to be available and does not budget for their use in fiscal year 2013. The Village has determined that 100% of the amounts collected for the 2011 levy are allocable for use in fiscal year 2013. Therefore, 100% of the amounts collected for the 2011 levy (\$471,652) are recorded in these financial statements as property taxes revenue. A summary of the assessed valuations, rates and extensions for the years 2012, 2011, and 2010 follows:

TAX YEAR ASSESSED VALUATION	2012 \$48,827,625		2011 \$53,285,936		2010 \$58,706,248	
	Rate	Extension	Rate	Extension	Rate	Extension
General	0.4115	\$ 200,903	0.3686	\$ 196,411	0.3225	\$ 189,332
Police Protection	0.1790	87,406	0.1604	85,452	0.1403	82,373
IMRF	0.0732	35,720	0.0655	34,922	0.0573	33,663
Audit	0.0389	19,001	0.0349	18,577	0.0305	17,907
Streets and Bridges	0.0466	22,770	0.0425	22,628	0.0373	21,904
Liability Insurance	0.0564	27,551	0.0505	26,936	0.0442	25,965
Social Security	0.1129	55,105	0.1011	53,872	0.0885	51,930
Worker's Compensation	0.0448	21,852	0.0401	21,363	0.0351	20,594
	<u>0.9632</u>	<u>\$ 470,308</u>	<u>0.8636</u>	<u>\$ 460,161</u>	<u>0.7557</u>	<u>\$ 443,668</u>
Road and Bridge (from Richmond Township)	-	\$ 11,990	-	\$ 11,437	-	\$ 10,854

NOTE 8 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended April 30, 2013 no fund had expenditures that exceeded the appropriations.

NOTE 9 - OPERATING LEASES, AS LESSEE

The Village, as lessee, leases a copier. Minimum annual rentals are as follows:

Year Ending April 30	Amount
2014	\$ 2,994
2015	2,765
2016	461
	<u>\$ 6,220</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 - OPERATING LEASES, AS LESSEE (Continued)

Rental expense under this lease for the year ended April 30, 2013 was \$5,504.

NOTE 10 - ILLINOIS MUNICIPAL RETIREMENT FUND

A. *Plan Description*

The Village's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Village's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

B. *Funding Policy*

As set by statute, the Village's Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2012 was 9.40%. The Village also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

C. *Annual Pension Cost*

The Village's annual pension cost and the net pension obligation to the plan as of December 31, 2011 (the date the most current actuarial information is available) is as follows:

Annual required contribution	\$ 39,571
Adjustment to annual required contribution	(212)
Interest on net pension obligation	212
Annual Pension Cost	<u>\$ 39,571</u>
Contributions Made	<u>39,571</u>
Increase/(Decreases) in net pension obligation	\$ -
Net Pension Obligation beginning of year	<u>3,870</u>
Net Pension Obligation end of year	<u><u>\$ 3,870</u></u>

The required contribution for calendar year ending December 31, 2012 was \$39,571.

Three Year Trend Information for the Regular Plan

Calendar Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
12/31/2012	\$ 39,571	100%	\$ 3,870
12/31/2011	40,777	100%	3,870
12/31/2010	44,126	91%	3,870

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 10 - ILLINOIS MUNICIPAL RETIREMENT FUND (Continued)

C. *Annual Pension Cost (Continued)*

The required contribution for 2012 was determined as part of the December 31, 2010 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2010 included (a) 7.50% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the Village's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Village's Regular plan's overfunded actuarial accrued liability at December 31, 2010 is being amortized as a level percentage of projected payrolls on an open 30 year basis.

D. *Funded Status and Funding Progress*

As of December 31, 2012, the most recent actuarial valuation date, the Regular plan was 105.82% funded. The actuarial accrued liability for benefits was \$622,588 and the actuarial value of assets was \$658,803, resulting in an overfunded actuarial accrued liability (UAAL) of \$36,215. The covered payroll for calendar year 2012 (annual payroll of active employees covered by the plan) was \$420,971. Because the plan is overfunded, there is no ratio of the UAAL to the covered payroll.

This schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) -Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
12/31/2012	\$ 658,803	\$ 622,588	\$ (36,215)	105.82%	\$ 420,971	0.00%
12/31/2011	566,386	549,451	(16,935)	103.08%	432,882	0.00%
12/31/2010	525,440	603,746	78,306	87.03%	420,645	18.62%

On a market value basis, the actuarial value of assets as of December 31, 2012 is \$685,965. On a market basis, the funded ratio would be 110.18%.

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with the Village. They do not include amounts for retirees. The actuarial accrued liability for retirees is 100% funded.

NOTE 11 - RISK MANAGEMENT

The Village is exposed to various risks related to torts; theft of, damage to, and destruction of assets; error and omissions; and injuries to employees.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 11 - RISK MANAGEMENT (Continued)

The Village is a member of the Illinois Municipal League Risk Management Association (IMLRMA), a joint risk management pool of local governmental units through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the Village and IMLRMA is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Village is contractually obligated to make all annual and supplementary contributions for IMLRMA, to report claims on a timely basis, cooperate with IMLRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by IMLRMA. Members have a contractual obligation to fund any deficit of IMLRMA attributable to a membership year during which they were a member.

IMLRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. IMLRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members. There have been no reductions in insurance coverage from the prior year and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

During the year ended April 30, 2013, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts that have exceeded insurance coverage. The Village is insured under a retrospectively-rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended April 30, 2013, there were no significant adjustments in premiums based on actual experience.

NOTE 12 - INTERGOVERNMENTAL AGREEMENTS

The Village entered into an intergovernmental agreement with the Federal Government, State of Illinois Department of Transportation (IDOT) and McHenry County (County) on March 4, 2008 to perform Phase I preliminary engineering for the Richmond bypass at an estimated cost of \$3,010,000. The Village will act as the lead agency in completing the necessary Phase I engineering. The agreement requires that the Federal Government, IDOT and the County contribute \$2,536,500, \$236,650, and \$118,425 respectively, towards the preliminary engineering plan bypass, with the Village contributing the remaining \$118,425. During the years ended April 30, 2011, 2012 and 2013, the Village recognized revenue of \$129,966, \$196,369 and \$223,927, respectively, of the Federal Government's contribution and reported expenses relating to the project for these same amounts.

NOTE 13 - CONSTRUCTION IN PROGRESS

The Village has no construction projects that are in progress as of April 30, 2013.

NOTE 14 - SUBSEQUENT EVENTS

The Village has evaluated subsequent events through August 20, 2013, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 15 - FUND BALANCE/NET POSITION ADJUSTMENT

The following discloses the restatement of governmental and business-type activity fund balance/net position as of the beginning of the fiscal year due to the decrease in assets that were capitalized incorrectly in the Water and Sewer Fund and the restating of accounts payable from prior years in the General Fund and Water and Sewer Fund.

	General Fund Fund Balance	Water and Sewer Fund Net Position
Balance, beginning of year, as previously stated	\$ 418,536	\$ 6,799,761
Decrease due to assets capitalized incorrectly	-	(179,758)
Increase for accounts payable corrections	43,229	28,050
Balance, beginning of year, as restated	<u>\$ 461,765</u>	<u>\$ 6,648,053</u>

NOTE 16 - CHANGE IN ACCOUNTING PRINCIPLE

Effective during the year ended April 30, 2013, the Village has implemented GASB Statement No. 63, *Financial Reporting on Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.

VILLAGE OF RICHMOND
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
APRIL 30, 2013

NOTE 1 - APPROPRIATIONS

Appropriations are adopted on a basis consistent with generally accepted accounting principles. Annual appropriations are adopted for all funds. All annual appropriations lapse at fiscal year end.

Appropriated expenditures are controlled at the departmental level with the Finance Committee's oversight. All transfers and any revisions that change the total expenditures not contemplated of any fund must be approved by the Village's Board of Trustees. All appropriation amendments must be approved by the Village's Board of Trustees.

The appropriation was approved on May 3, 2012 and was not amended.

NOTE 2 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended April 30, 2013, no fund presented as Required Supplementary Information had expenditures that exceeded the appropriations.
